

# HANGER CARTS

New in the B&B stacker cart line is the hanger cart. The B&B hanger cart is a modular design that stacks and folds for efficient shipping and storage, just like all B&B stacker carts. These carts can be loaded with various clevises and pushed into the installation location with ease. Once the job is complete or the carts are no longer needed, fold them, stack them, and ship or store them.

## Specifications

- Proudly manufactured in the USA
- Patented Gravity Lock System. Secures uprights in position. Simply lift uprights from folded position into place, and let gravity do its job. Uprights securely locks into position without the need to disengage pull pin
- Foldable and Stackable for efficient transportation and storage. The B&B Cup Stacking System ensures carts stay stacked and secured
- Urethane over hub - EZ Glide Wheels on all carts
- Red for Safety. Visible on the job or in the shop
